

SAFETY DATA SHEET FOR ORGANIC BONDED ABRASIVES

1. Identification of product and company/undertaking:

Identification of the product:

Organic bonded cutting discs type A 24 R

Use of the product:

Organic bonded cutting discs for cutting Steel

Company identification:

Company: DRONCO GmbH

Address: Wiesenmühle 1 Phone: ++49 (0) 9232 609-0
95632 Wunsiedel Fax: ++49 (0) 9232 609-159
Germany E-mail: info@dronco.com

Contact Person: Mr. Markus Schnabel E-mail: mschnabel@dronco.com

Emergency Number

+49 (0)551-19240

2. Hazards Identification

Not applicable

Abrasives are not dangerous substances or preparations as defined in EC directive 1999/45.

See also section 8 and 16.

3. Composition/Information on Ingredients

GHS-Classification

	Name	CAS	EG Nr. (ELINCS/EINECS)	Concentration area	Classification	H-statements
	Kryolith	15096-52-3	227-410-6	5-15%	Specific Target Organ Toxicity (repeated exposure), Category 1; Acute toxicity, Category 4, oral; Acute toxicity, Category 4, inhalation; Hazardous to the aquatic environment, Chronic Category 2	H372 H302 H332 H411 P273 P314

(For the full text of the H-statements see section 16)

4. First Aid Measures

See also section 8 and 16

Inhalation: Not possible, due to the form of the product
 Eye contact: Not possible, due to the form of the product
 Skin contact: No harmful effects known
 Ingestion: Not likely, due to the form of the product
 Not to physician: Not available

5. Fire Fighting Measures

Toxic fumes may occur. Use respiratory protective equipment.

Extinguishing Media: water, foam, sand, powder or CO₂ as appropriate for surrounding materials

6. Accidental release measures

Not applicable.

7. Handling and Storage

Follow instructions of grinding machine manufactures and the relevant national regulations. In addition, observe the safety recommendations of the manufacturer.

8. Exposure Controls / Personal Protection

Before grinding risk assessment should be performed and individual personal protection measures adopted accordingly.

8.1. Occupational exposure limit values and/or biological limits values

Keep exposure to the following components under surveillance

(Observe the regional official regulations for dust)

Name	CAS	Specification	Concentration limits (daily average value)	Peak-Limitation
Kryolith	15096-52-3	TRGS 900 (D)	2,5 mg/m ³	Exceeding coefficient=2 (Period 15 min, average;4 times per shift; periodic time 1h)

Note: Hazardous dust of workpiece material may be generated during grinding and/or sanding operations. National regulations for dust exposure limit values have to be taken into consideration.

8.2. Exposure controls

8.2.1. Occupational exposure controls

Observe the regional official regulations for dust

8.2.1.1. Respiratory protection: Use respiratory equipment

(type depends on specific application and material being ground)

8.2.1.2. Hand protection: Wear protective gloves

(type depends on specific application and material being ground)

8.2.1.3. Eye protection: Wear protective goggles or face shield

(type depends on specific application and material being ground)

8.2.1.4. Hearing protection: Use hearing protection

(type depends on specific application and material being ground)

8.2.1.5. Body protection: Use protective clothing
(type depends on specific application and material being ground)

9. Physical and Chemical Properties

9.1	Physical state:	solid
9.2	Colour:
9.3	Solubility in water:	Non-soluble

10. Stability and Reactivity

Stability

Bonded Abrasives are stable when handled or stored correctly

Reactivity

- 10.1 Conditions to avoid:
No decomposition in normal storage.
- 10.2 Materials to avoid:
No dangerous reactions known.
- 10.3 Hazardous decomposition products:
At temperatures exceeding 250° C hazardous or toxic decomposition products may be generated

11. Toxicological Information

No toxicological effects if inhaled or swallowed or with eye or skin contact are known.
See also section 8.

12. Ecological Information

12.1	Ecotoxicity:	no effects known
12.2	Mobility:	no potentials known
12.3	Persistence and degradability:	no biodegradable potentials known
12.4	Bioaccumulative potential:	no potentials known
12.5	Other hazardous effects:	no effects known

13. Disposal Considerations

13.1. Product

Follow national and regional regulations!

For Germany valid:

Due to the ingredients (sum concentration under the limit) disposal as non hazardous waste (2000/532/EC) is possible if no hazardous materials are added to the abrasives. (EWC – Nr. 120121)

For all states of European Union valid (excepting Germany):

Due to the ingredients (sum concentration above the limit) disposal as hazardous waste (2000/532/EC) (EWC – Nr. 120120)

13.2. Packing

Follow national and regional regulations!

14. Transport Information

The product is not covered by international regulation on the transport of dangerous goods.

15. Regulatory Information

No specific marking requirements under respective EC directives

16. Other Information

H372 - Causes damage to organs through prolonged or repeated exposure
H302 - Harmful if swallowed
H332 - Harmful if inhaled
H411 - Toxic to aquatic life with long lasting effects

P273 - avoid release into environment
P314 - consult medical attendance

P281 - use required personal protective equipment

The above information is based on our current standard of knowledge and does not constitute any warranty of conditions of the product. The information does not form part of any contractual agreement. It remains the user's responsibility to adhere existing laws and regulations.

Issued by quality assurance
